### MRS. PERRY RETURNS

VESSEL FAILS TO ARRIVE WITH TROOPS FROM SIBERIA—IS NOW EXPECTED OCT. 7TH

Mrs. Perry, mother of Charles A. Perry of 111 North Louise street, who went to San Francisco to meet a vessel expected from Russia on which she hoped to find her son, Walter, has returned to her home in Hollywood. The vessel, said to be "The Thomas" was reported disabled and delayed in consequence. It is now expected, she says, October 7th, and another vessel, also bringing troops from Vladivostok, on the 14th. Charles Perry says "The Thomas" is reported to be bringing 540 Class A troops, most of them married men. The boat expected on the 14th is said to be "The Sheridan." While Mrs. Perry accumulated considerable testimony relative to conditions surrounding American soldiery in Siberia through interviews with men in the Letterman Hospital, who have returned, through conversations with other men who have seen service there and through the Red Cross, this testimony, her son says, all indicates terrible conditions there, especially for young, inexperienced boys ill prepared to endure the hardships and privations to which they are exposed in addition to a harassing warfare with forces they are too small a unit (\$800 at the maximum) to combat. England, it is said, withdrew her 25,000 men when she understood the situation and that they would need reinforcements to bring their strength to 80,000.

The last news from Mrs. Perry's soldier son was to the effect that he had been sent to guard a mine, the only security left for the money advanced by the United States to Russia. He and his party had supplies for two weeks. They have never been heard from since, but his mother and brothers are hoping he is still alive and will return to them.

Sentiment against sending troops to Siberia is said to be strong in San Francisco, and when the ship left that port last week carrying 1600 enlisted men, most of them mere boys of fifteen to eighteen, many tears were shed by onlookers at the dock among whom were seasoned warriors who had been on the ground and knew what it meant. Mrs. Perry is circulating a petition to be presented to the government asking for the recall of troops from Siberia. When President Wilson spoke in San Francisco he was interrupted several times by shouts of "what about those boys in Siberia?"

Mrs. Perry's report would indicate that San Francisco is by no means solidly in favor of the League of Nations or of the policing of the world by American boys.

### SUNDAY SCHOOL RALLY

SPECIAL SERVICES AT CONGREGATIONAL CHURCH LARGELY ATTENDED, ENJOYED

Sunday was a special day at the Glendale Congregational Church, the first service being the Sunday School Rally which drew a large attendance in spite of the lowering character of the weather. The Women's Bible Class taught by Mrs. George Adams had an attendance of 88 per cent, and a larger number present than its entire enrollment. To it, therefore, went the prize provided, a very beautiful bouquet. The young men's and young women's class ranked second with an attendance of 78 per cent.

In the evening a large audience gathered to hear Ben Scovell, nephew of Sir Henry Irving, who recruited the 169th Battalion in Canada in the early part of the war which was made up very largely of university students from Canada and the United States. It included over 400 volunteers from this country, of whom forty were Harvard men. Of the 1200 men in that regiment only sixteen are alive now, and not one of the 400 Americans survived. His address was extraordinarily interesting and was very largely a recital of his experiences overseas where he was for a time associated with Robert W. Service, the poet, whom he found serving as a stretcher bearer. He also told of being with Harry Lauder when he found the grave of his son. While he referred to the awful horrors of war he emphasized the other side—the glory of it, showing how it brought out the heroism of the men, and how uncomplaining they were under suffering.

WEATHER FORECAST — Unsettled weather tonight and Tuesday.

### GIRLS' LEAGUE

HIGH SCHOOL ORGANIZATION BEGINS NEW YEAR WITH BRIGHT PROSPECTS

Friday afternoon the first of a series of girls' programs which will be given monthly took place in the High School auditorium under the auspices of the Girls' League, which now has an enrollment of between 250 and 300. Miss Harriet Barnes, who heads the organization this year, presided, other officials being Agnes Tupper, vice-president; Jessie Gregg, secretary; Eva Green, treasurer; Girls' Advisor, Mrs. George U. Moyses. The program included saxophone numbers by Dorothy Baird, a timely talk by Mrs. Moyses, reading by Grace Yarbrough, violin numbers by Faith Tarling, and whistling solos by Mary Louise Hand. Besides all this entertainment a clever skit was given by five members of the senior dramatic class, viz., Edna Farner, Helen Ingledue, Agnes Tupper, Dorothy Shaw and Harriet Barnes.

Big preparations are being made for the girls' stunt party which will be given by the League next Friday evening in the boys' gymnasium at 7:30. The girls are to come in costume and their mothers will be welcomed as visitors. Prizes will be given for the most original costumes and also for the most original stunts, and there is likely to be sharp competition with so many clever brains at work devising the program. Women members of the faculty will put on a stunt and there will be class students. Following the program will be dancing for two hours for those who enjoy that diversion and then games and miscellaneous entertainment for all who do not dance. The Howdy Orchestra will furnish music.

"CHOPPY" SHROPSHIRE IN TENNESSEE

Charlie Shropshire of 142 South Everett, who received his discharge from the navy last February, soon after his return to duty from a furlough spent with his mother and sisters here, stopped in Chicago on his way home and was induced to accept a job with a big wholesale house in Chicago. After working there a few months he obtained a situation with a chain of general stores in Tennessee. His location is Jackson and he is much in love with his work. He likes Tennessee and expects to stay with the job for awhile, as he is certain of an advancement, but he writes his mother that California suits him best and he will return to Glendale eventually. Tennessee is far behind the Golden State in every way, he says.

SUPERIORITY OF GLENDALE CLIMATE

Much pleasure was given all members of the Seventh-Day Adventist Church last week by the arrival in their midst of Elder Meade MacGuire and Mrs. MacGuire from the north in their automobile with the intention of making Glendale their home, the doctor at St. Helena Sanitarium having prescribed Glendale climate as the right thing for Mrs. MacGuire's health.

After several days of house hunting Elder MacGuire finally purchased a home at No. 333 West Lexington Drive. The same day they started north to pack up their household goods and in another week will be back again to get settled in their new home.

Elder MacGuire is the field secretary of the General Conference for the young people's work in the United States.

### 200 NEW MEMBERS

POCKET TESTAMENT LEAGUE HAS GREAT DAY AT FIRST PRESBYTERIAN CHURCH

Rev. V. V. Morgan, Supt. Pacific Coast Pocket Testament League, addressed the congregation both morning and evening at the Presbyterian Church yesterday and 200 new Leaguers were added to the rolls. He took as his text the first chapter of 2nd Peter and the 19th, 20th and 21st verses. Read them. He said in part:

"What we need today are men and women who know and sow the Word of God. The Pocket Testament League is simple, safe and scriptural. It is not an organization but a movement. No officers, no committees, no extra machinery, simply a way in which to get the Word of God among the people. The membership numbers into the millions. The League was started originally by Mrs. Chas. (Continued on Page 4)

### OMAHA UNDER MARTIAL LAW

MAJOR GENERAL WOOD TO TAKE PERSONAL CHARGE OF SITUATION—MAYOR SMITH ABLE TO SIT UP

(Special Service to Glendale Evening News)  
OMAHA, September 29.—Omaha was placed under martial law at midnight under the order of Major General Leonard Wood and 1600 troops patrolling the streets seemed to have the situation well controlled during the early morning hours.

A summary of last night's riots showed that in addition to lynching one negro, the near lynching of the mayor and the burning of the court house, fifty-two persons were injured, thirty-two were arrested and one of the rioters was killed.

Despite martial law, officials feared that during the day race riots would break out. As the morning wore on there were many fights between negroes and whites on the streets but no one was killed. Negroes fired on troops early today in the heart of the negro district. Light sentences imposed on negroes for assaulting white girls were given as the cause of last night's lynching. There have been forty cases of such cases in the last three months.

It is understood that forty negroes came here after the Chicago race riots. Returned soldiers have been patrolling the streets at Council Bluffs for two weeks. Forty negroes were deported from here Saturday.

Mayor Smith recovered consciousness and was able to sit up this morning. He received a telegram from Major General Wood saying that the general is coming to Omaha to take personal charge of the situation.

### PRESIDENT MAY LEAVE WASHINGTON

KING AND QUEEN OF BELGIUM TO TOUR COUNTRY BEFORE VISITING WHITE HOUSE

(Special Service to Glendale Evening News)  
WASHINGTON, September 29.—Admiral Grayson issued a statement today declaring the president spent a restless night but that he is sleeping this morning. Only members of the president's immediate family are permitted to see him and all engagements have been cancelled. Admiral Grayson is still uncertain whether the president must leave Washington for rest.

Despite reports that the round-table industrial conference has been postponed or possibly cancelled, at the White House it was stated that it will be held October 6 as scheduled but that the president will not participate.

It was also announced that King Albert and the queen of Belgium will not visit the White House until after a tour of the country instead of before the tour, as had been planned.

### FORTY PERSONS INJURED IN TRAIN ACCIDENT

SHORELINE LIMITED FROM LOS ANGELES WRECKED AT KING CITY WITH NO SERIOUS CASUALTIES

SAN FRANCISCO, September 29.—Forty persons injured yesterday when the Shore Line limited from Los Angeles was wrecked near King City were brought here this morning on a special train. None was injured seriously. Daniel Tatenham, bailiff of the Superior Court here who was on the train declared that he had timed it just before the crash and it was going fifty-four miles an hour.

### SENATOR NEW'S RESOLUTION

CALLS UPON STATE DEPARTMENT FOR FACTS REGARDING LANDING OF MARINES IN DALMATIA

(Special Service to Glendale Evening News)  
WASHINGTON, September 29.—Senator New of Indiana today introduced in the Senate a resolution asking the State Department to furnish the Senate all the facts concerning the landing of marines in Dalmatia.

### STEEL WORKERS DISREGARD STRIKE ORDER

BETHLEHEM PLANT AT BALTIMORE OPERATING AS USUAL—HUNDREDS REPORT AT STEELTON

(Special Service to Glendale Evening News)  
STEELTON, Pa., September 29.—Despite the order for a strike at the plant of the Bethlehem Steel company this morning, hundreds of employees reported for work at the usual time. At Allentown, the police estimated that less than twenty per cent of the Bethlehem company's employees failed to report.

BALTIMORE, Md., September 29.—Six thousand men employed by the Bethlehem Steel company here failed to obey the union order for a strike at six o'clock this morning. The plant is operating as usual.

### "SMILING BILL" PARSON DEAD

NOTED COMEDIAN AND HUSBAND OF "BILLIE" RHODES EXPIRES AT THE AGE OF 41

(Special Service to Glendale Evening News)  
LOS ANGELES, September 29.—William (Smiling Bill) Parson, the noted movie comedian and husband of "Billie" Rhodes, died at his home here today, aged 41.

### CHRISTIAN CHURCH

COMBINED SERVICE WITH LUTHERANS SUNDAY EVENING, LECTURE ON LUTHER

Owing to the rain Sunday morning the promotion exercises planned for the Bible School pupils were postponed till next Sunday, so that there might be a full attendance of both pupils and parents. After the communion service, therefore, the congregation was dismissed to attend other churches. In the evening, by previous arrangement, Rev. R. W. Mottern, pastor of the Lutheran Church, delivered his illustrated lecture on "Luther, the Monk Who Shook the World," with Geo. Daugherty as a most efficient assistant to manipulate the stereopticon slides. After a song service of half an hour Rev. Mottern began his lecture with a brief preface in which he reminded his hearers that it was just 402 years since the "little monk of Erfurt" nailed his thesis of 95 points to the door of a building in Wittenberg. Then, beginning with a brief tribute to Luther's parents, the speaker followed his eventful life through to the end. Fortunately Hans Luther, Martin's father, was a warm friend of a noted portrait painter, who left to posterity excellent likenesses of parents and son, and many of their contemporaries. Pictures of many of the famous old buildings of Luther's time, most of which are still standing, were shown, with their surroundings, and some interior scenes. Luther's birth was (Continued on Page 4)

WOULD NOT BLOW HIS OWN HORN

J. M. MacMillan of 350 Hawthorne recently heard from relatives in Mercer county, Illinois, in regard to a nephew who had just returned from overseas. He was a sergeant in the First Division, and was awarded the croix de guerre for distinguished service. He said nothing about it to his people and the first they knew of it was when they read the citation in a newspaper. When asked about what he did to win this honor all he would say was: "I met a bunch of Huns. I got back and they didn't." But a comrade of his said he was in charge of a platoon that captured 21 machine guns and brought back just one prisoner. The rest were killed by the Americans.

FIRE FIGHTERS PASS THROUGH GLENDALE

The rains of last Friday night seem to have put the final quietus on the forest fires that had raged since September 13th, from Mt. Baldy to Saugus, denuding nearly 150,000 acres of ground in the watersheds that furnish many foothill cities with their water supply. Several truck loads of fire fighters passed through Glendale Saturday on the way to Los Angeles to get their pay. They were a rollicking set of fellows, evidently glad to be relieved from the long strain and grueling work of beating back the flames.

MRS. HULL ENJOYS 2000-MILE AUTO TRIP

Mrs. Mary A. Hull of 1648 Kenneth Road returned home Saturday evening from a two weeks' auto tour of the state. She went up the coast highway nearly to the northern boundary of the state and back through the central and eastern part, stopping at many points of interest. It was a 2000-mile journey and Mrs. Hull found it most enjoyable, she says.

### RAINFALL RECORD

TOTAL TO THIS DATE, AS COMPARED WITH RECORD UP TO SAME DAY LAST YEAR

Figures are furnished by H. E. Bartlett, 347 N. Brand Blvd.

Totals.....	1.46	.98

THEFTS BY BOYS

W. W. McElroy was robbed on Sunday afternoon of four coils stolen from his automobile while it stood in front of the residence of William Thompson at 310 North Jackson St. A Glendale man who witnessed the larceny stated that three boys were the guilty parties and expressed confidence in his ability to identify them. The matter has been placed in the hands of the police who are working on the case with prospects of locating the offenders.

### GARDEN GOSSIP

WILLIAM WOOD GIVES INTERESTING FACTS ABOUT PEANUT CULTURE AND HARVESTING

William Wood of 115 North Louise street is gathering his crop of sweet potatoes which, he says, is not so good as the crop he raised last year in the parkway at the corner of Louise and Brand. Roots of the big trees in the parkway in front of his property trespass on the garden space and take considerable nourishment from the soil. He has had an excellent garden throughout the season, although he has not been able to give it care enough to make it a model garden because he is a busy man with only odds and ends of time nights and mornings.

He has an excellent showing of peanuts which he says are well adapted to this soil. They are legumes and like all members of their family gather nitrogen from the air and store it in nodules on their roots, which, if allowed to do so, rot and return it to the soil. Nitrogen is a very valuable fertilizer, and this is one of the cheapest ways to obtain it. For that reason if for no other, peanuts are a good crop to raise on ground not needed for other foods. Because of this fact it is a great waste, as Mr. Wood pointed out, when harvesting peanuts to uproot the whole plant. The nuts are no part of the root system. Instead they are produced in a peculiar way. After the blossom has faded a shoot is sent out which turns downward and burrows in the ground, as (Continued on Page 4)

DR. GEORGE WHARTON JAMES

On Thursday evening Dr. George Wharton James delivered one of his inimitable lectures at the Sanitarium to a highly appreciative audience. His theme was "The Wild Flowers of California" and was beautifully illustrated with stereopticon slides.

Only a fraction of California's wonderful wild flowers were shown as it would have taken, as the Doctor declared, all night, all day the next day and all night the next night to show them all.

Probably no man in the state has so thorough a knowledge of this coast and state as Dr. James. His books reveal to some extent how great is his familiarity with everything that pertains to California.

A hearty expression of appreciation of his lecture was given and an invitation to come again was extended to him.

### END OF CHURCH YEAR

FIRST METHODIST CHURCH RECEIVES NEW MEMBERS AT CLOSING SERVICES

The services which marked the close of the church year at the First Methodist Church of Glendale were well attended and marked by considerable enthusiasm. In the morning J. A. Newton presented the young people's Bible campaign and Miss Lily Wood, superintendent of teachers' training in connection with the Sunday School spoke a few moments on the benefits of Bible study. The theme of the pastor's discourse was "The Bible and the Art of Living" and he took for his text: "The words I speak unto you they are spirit, they are life." At the close of the sermon seven new members were received into the church as follows: Mr. and Mrs. B. F. Geiger of 428 North Kenwood street, Mr. and Mrs. W. F. Schubert of 734 East Wilson, Mrs. E. D. Wright and son Harry of 310 West Elk Ave. and Miss Roberta Hopping of 133 South Cedar St. At the evening service the pastor spoke of the approaching conference and referred to those who will attend, mentioning Mr. and Mrs. Henry Johnston whose names were not included in the list published Saturday. Mrs. Johnston was elected alternate to Arthur Lindley who represents the church at the lay conference. The Johnstons will drive to Santa Barbara Wednesday morning and Mrs. Pitner will accompany them. Others planning to attend the conference will go up Tuesday.

The Sunday evening sermon theme was "The Immortality of Deeds." The text was selected from I John, 2d chapter, 17th verse: "For the world passeth away and the lusts thereof, but he that doeth the will of God abideth forever." Mr. Scott referred to the idea sometimes advanced that the only immortality is the immortality of deeds rather than the immortality of the soul. It is true," he said, "that there is an immortality of deeds because it is only by the doing of immortal deeds that the soul grows."

GLENDALE, CALIFORNIA, MONDAY, SEPTEMBER 29, 1919

## SHINGLERS VERY SCARCE

Glendale building contractors report a great scarcity of shinglers. As more shingle roofs are being put on, in proportion, this year than for several years past, this shortage is the more keenly felt. Four years ago it was possible to get shingling done at from 50c to 75c a thousand, but now \$1.25 is freely offered.

## WALNUT CROP PROFITABLE

The valley for several miles northwest of Glendale is becoming quite a walnut center and there are great possibilities in this crop. The few trees in Glendale yards are yielding heavily this year, proving that the soil hereabouts is adapted to walnut culture. Picking has just begun and indications are that some trees will yield 250 pounds each. Even counting 150 pounds as an average per tree, at last year's price of 30c a pound, which is likely to be exceeded this year, each tree will bring \$45 and as there are 105 to the acre, the gross income per acre will reach the amazing amount of \$4725. So a full grown walnut grove should prove very profitable property this year.

The Long Beach Telegram tells of an experiment being tried by the Congregational Church there, in hiring an amusement specialist, or young people's director, to try to interest the young people in the church, on the theory unexpressed, that the preachers don't fill the bill in that regard. The Congregational folks are going on the theory that if the young people won't come to the church, the church will go to the young people, so the amusement director, a young lady, will encourage dancing and any other amusements that the youngsters may take a fancy to. This may prove a solar plexus for dancing among the Congregational young people, as it will take more than half the fun away if no one objects to it.

Ground squirrels got to digging in the school grounds at Altadena during vacation, and the authorities are planning to take steps to eradicate them. They needn't trouble themselves. The school kids will take all the steps necessary, without any planning. The squirrels will be lucky if any of them live over the first day of school.

## CHARGE FOR ANNOUNCEMENTS

Beginning on this date the Glendale Evening News will charge for all announcements ordered published in its columns. Notices of clubs, schools, churches, society committees and business concerns will be comprised in the class of pay announcements.

The charge will be 50 cents minimum for eight lines, heading counted as two lines, six words to the line. Additional lines, five cents per line, all payable in advance when organization seeking publicity has not arranged for monthly settlement of accounts.

This charge is being made necessary to make it possible to increase the wages of the printers who are the most poorly paid tradesmen in the world at present.

Yours for Systematized Business,  
A. T. COWAN, Pub.

## CLASSIFIED ADS

First Insertion—Minimum charge 30 cents including four lines counting six words to the line. Additional lines 5 cents per line. Ten cents additional for first insertion if cash does not accompany order. Subsequent consecutive insertions—5 cents per line.

# Wonderful Opportunities in the Automobile Field

The history of American industries shows nothing which can compare with the rapid growth of automobile manufacturing. In the past few years a wonderful industry has been developed. In the United States alone there are over 500 factories at work on automobile construction, representing a capital of about \$2,000,000,000. Besides there are about 32,000 dealers in the United States employing several hundreds of thousands of men and women.

The development of automobile delivery trucks and light wagons is proceeding rapidly and every year sees the introduction of new makes in large numbers.

The demand from factories, garages, and salesmen for trained men is a direct result of this marvelous growth. The supply of such men is small—their pay correspondingly high. This is the field of opportunity you can enter through the sure, easy Home-Study Courses of the

## International Correspondence Schools OF SCRANTON, PA.

Hundreds of thousands have proved it. The designer of the Packard "Twin Six" and hundreds of other engineers have climbed to success through I.C.S. help. For 28 years young men in offices, stores, shops, factories, mines, railroads—in every line of technical and commercial work—have been winning promotion and increased salaries through the I.C.S. Over 130,000 men are getting ready right now in the I.C.S. way for bigger jobs ahead. No matter where you live the I.C.S. will come to you. No matter what your handicaps or how limited your means, the I.C.S. have a plan to meet your circumstances. No matter how small your previous education, the simply written, wonderfully illustrated I.C.S. textbooks make it easy to learn.

## Complete Automobile Course

If you want to become an expert automobile driver, chauffeur, or mechanic you should study the I.C.S. Course in Automobiles, because it will acquaint you with the principles of operation, the details of construction and the types of apparatus used, making you an expert in your work. The Course is full of hints and suggestions covering all troubles and needs that may arise. As an automobile owner you cannot afford to be without the knowledge contained in this Course, whether you drive your car or employ a chauffeur. Ignorance is not only expensive to the owner, but it is dangerous to the occupants of a car.

### SUBJECTS TAUGHT

Arithmetic (Optional)  
Gasoline Automobiles  
Bodies and Accessories  
Automobile Running Gear  
Gasoline Automobile Engines  
Principles of Operation  
Typical Automobile Engines  
Details of Construction  
Automobile Engine Auxiliaries

Cooling, Muffing, and Governing  
Automobile Carburetors  
Fuel and Fuel Tanks  
Principles of Carburation  
Forms of Carburetors  
Electric Ignition  
Ignition Apparatus  
Current-Distributing Devices  
Ignition Systems

Direct-Current Generators  
Magnetoelectric Generators  
Spark Control  
Transmission and Control Mechanism  
Friction Clutches  
Transmission Mechanism  
Control Mechanism  
Bearings and Lubrication  
Automobile Tires

Tire Deterioration and Repairs  
Automobile Operation  
Care of Automobiles

## Personals

Miss Maud Moody of 320 North Maryland has returned from a pleasant visit with her sister, Mrs. Albert Hill, who lives in Santa Ana.

Jimmie Gibson, who is with the Public Service Department and who has been taking a vacation, returns to his work today.

Mrs. Margaret Fischer and Miss Clara Ringert of 915 South Brand boulevard have returned from a much-enjoyed outing of a fortnight at Lake Tahoe.

The contract for the new Methodist Church at Owensmouth, for which Architect Arthur G. Lindley, of Glendale, recently drew plans, has just been let for \$18,650.

Mrs. Charles Turck of South Glendale is in Chicago and will probably be gone for several weeks. She is the guest of her son who resides there.

Architect C. C. Rittenhouse, of Glendale, is preparing plans for a large commercial garage to be erected at 1140 South Figueroa street, Los Angeles, for H. S. Miller.

H. P. Siferell, Glendale architect and builder, 224 Milford street, has prepared plans and will build for himself a \$16,000 frame and plaster residence at 7063 Sunset boulevard. There will be a double garage.

Mr. Caswell, proprietor of the White Star Market, is opening a branch on San Fernando Road which will be in charge of Robert Danner. It will open Wednesday morning in the store of Owens & Son, formerly the B. & B. Grocery.

Morris Jackson, son of J. H. Jackson and wife, of 316 Milford street, started for home from Quantico, Virginia, September 15th, after 2½ years' service in the Marines. He went by way of Chicago to visit his only brother and while there was offered a job at \$8 a day and accepted it, so he may not be home for several months.

Mr. and Mrs. Charles Cress, who were guests of Mr. and Mrs. George Sanford of Sycamore Road last week, have gone to Los Angeles and located there for the winter. Mrs. Bert Palmer of Hanford is a guest in the Sanford home and will be with her host and hostess for several days.

Mrs. Fannie Marple has been elected a delegate to represent the Central Avenue Methodists at the annual conference at Santa Barbara this week, Robert Taylor being chosen for the alternate. Rev. Munger, the pastor, will, of course, attend and Mrs. Munger will go as the delegate of the Sunday School.

Mr. and Mrs. A. P. Findlay of 820 South Central avenue, who have been at the beach for several weeks, have enjoyed their stay there very much. Mrs. Hunter, mother of Mrs. Findlay, states that she has gained in weight and is feeling fine and that the family will return to Glendale in about a week.

Alex Badger of 464 Oak street is doing so well as a cartoonist that he has opened an office in Los Angeles. He has had some clever sketches in the Evening News Auto-Edition, "Touring Topics," the official publication of the Automobile Club of Southern California, has two pages of his cartoons in each issue.

Mrs. Dora Gibson reports that the High School orchestra is not up to full strength because it lost thirteen members who were graduated with the senior class last year. New players are coming in, however, and she hopes it will soon be of normal proportions and quality. She has been much gratified by reports which have reached her of students in her department who have gone to higher schools of instruction. Two are now studying the pipe organ at U. S. C., viz., Elizabeth Mottern and Frank Lanterman. Marguerite Hauber, who went from here, is one of the university instructors.

Mrs. Dora Gibson, head of the Music Department of G. U. H., says that the young people who entered the music department of U. S. C., have been granted university credits for the work they did in Glendale High School. Miss Margaret Hauber is teaching in the piano department and Miss Elizabeth Mottern is to act as accompanist for one of the voice teachers. This work enables the young ladies to partly pay their expenses at the university.

## BIG ELKS' MEETING TONIGHT

Members of the local Elks' Lodge are anticipating a great time tonight. They are allowed to initiate not more than 20 new members in an evening without a special dispensation, but this has been secured and 25 will be put through if all the candidates show up. The entertainment committee promises a very interesting program and the eating part will not be forgotten. The drill team is practicing constantly, anticipating the winning of that prize in San Diego. Every Elk is expected to be on hand tonight.

## SOCIAL DANCE

Social Dance at Yeomen Hall on San Fernando Road Thursday evening, October 2d. Bush's Orchestra. Admission \$1.00, ladies free. R. Danner & Herbert Cram, Committee. 2313\*

## DEATH OF MISS MARTHA J. MYERS

Miss Martha Josephine Myers departed this life at her home, 821 Mariposa street, Sunday morning, Sept. 28th, aged 49 years; after an illness of about 2 years. Deceased leaves to mourn her loss a mother, Mrs. Phoebe Myers, and two sisters, Mrs. M. Armstrong of 1225 S. Maryland Ave., and Mrs. J. D. Hurd of Louisville, Ky.; also one brother, Harry B. Myers.

She had been a resident of Glendale and vicinity for the past 25 years, and had a large circle of friends who will regret to learn of her death.

Funeral services will be held this afternoon at 1:30 in the Little Church of the Flowers, Forest Lawn, Rev. L. M. Idleman of the Episcopal Church of Covina officiating. The Jewel City Undertaking Company is in charge.

## L. A. EX-MAYOR BURBANK BUSINESS MAN

An important real estate deal that will make a Burbank citizen of a former Los Angeles mayor took place this week when L. T. Swall bought the southeast corner of Palm and Second for the purpose of erecting thereon an up-to-date oil service station. The lot has a 55-foot frontage on Second street (San Fernando Road) and extends 100 feet on Palm. Mr. Swall expects to erect a first-class fire proof building on the lot and put in the very latest equipment for the particular kind of business and has secured the services of a former mayor of Los Angeles, Chas. E. Sebastian, to take charge. Mr. Sebastian will move to Burbank and become one of our citizens and will no doubt merit and receive a liberal patronage. This is the first exclusive oil service station to be erected in Burbank and is but another evidence of our growing metropolitanism.—Burbank Review.

## MAY BECOME A GLENDALIAN

Mr. and Mrs. Geo. H. Warren of North Maryland Ave. are entertaining Mrs. Warren's brother, Horace Grant, a retired business man of Ashley, Ohio. Mr. Grant is highly pleased with Glendale, and will make extended investigations in various localities before deciding to transfer his interests to California. He reports a decidedly pleasing trip via Santa Fe with daily rain through Arizona and New Mexico. This caused the little desert streams to become plunging, foaming torrents which surprised and delighted the travelers, making their journey a clean and dustless pleasure. A hearty welcome is being extended to Mr. Grant, in the hope that he will in time become one of our substantial citizens.

## FUNERAL OF MAJ. J. J. WEILER

In spite of the rain Saturday funeral services over the body of Major J. J. Weiler, which were held at the Little Church of the Flowers at Forest Lawn Memorial Park at 2 o'clock, were largely attended by sincere mourners from Glendale, Hollywood and Los Angeles. The services which were in charge of the N. P. Banks Post of the Grand Army of the Republic were most impressive. The firing squad composed of old soldiers, all in uniform, included Robert Taylor, commander of the squad, and Comrades C. H. Clark, R. D. Goss, George Fansett and Tom Barrett. Taps were sounded by Robert Searle, Boy Scout Leader. Dr. P. O. Lucas representing the Sons of Veterans, sang two beautiful solos, and Dr. B. D. Cheney, Chaplain of Stanton Post, conducted the services. Old friends and comrades of the major served as pall bearers, viz., Comrades Clark, Robinson, Goss, Hammon, Spafford and Pratt.

The grave was covered with the floral tributes which were numerous and of great beauty as the dead veteran, who had long resided in Glendale, was much beloved.

## PASSING OF EDWYN J. SIMONDS

Edwyn Jonathan Symonds passed away at his home, 518 W. Avenue 54, Saturday evening, Sept. 27. Deceased had been a resident of California for the past 17 years. Funeral services will be held Tuesday afternoon at 2:30, at the Little Church of the Flowers, the Jewel City Undertaking Co. in charge.

## IT'S YOUR CHANCE

Drop in on the Cantrell lecture tonight at 8 o'clock and find out how the Gods were made; and incidentally how these Gods have ruled through Priests and Preachers. The recital of these facts is one of the most fascinating that ever fell from the lips of an ex-minister of the Gospel. It is easily worth a dollar to hear the weird but true story and it costs you nothing. Eight o'clock is the right time.—Adv.

## THEY LOVE HIM STILL

There is a prominent business man in Glendale who with his family was baptized into the church some twenty years ago by Edward Adams Cantrell. These people still hold the same views in church matters—that is, religiously they stay put.

But they do not condemn nor upbraid their old friend because he has changed opinions.

They have a large measure of saving grace or of Christian Charity, so-called, not to heap anathemas upon the head of so good a man as Cantrell.

When the two men recently came together it was a sight worth seeing for it registered mutual affection and the utmost good will. As the Glendale man said afterward: "We just can't help loving Brother Ed." Come out to the Masonic Temple lecture tonight and size up Brother Ed and especially the message he brings to you concerning the Gods.—Adv.

## CARD PARTY

A card party for the benefit of the Glendale Federation of Parent-Teacher Associations will be held at the home of Mr. and Mrs. John Robert White at 347 North Orange street Tuesday, September 30th, at 2:30 p. m. Tickets 25c. Prizes will be given. 2311

## THE SEVEN BROTHERS

The following incident will prove how interesting some of the Cantrell lectures are, especially "How the Gods Were Made." Some time ago while delivering this address and others in a Minneapolis theatre he was induced to give it to an outside town, hardly as large as Glendale. The date fell on a fearfully cold night but the town was aroused and the hall packed to the doors.

As the lecture progressed the interest rose to white heat and when the point was reached where it was in order, no less than seven preachers were on their feet at once asking questions. If you would like to know how they were answered come to the Masonic Temple tonight and fire your questions at Cantrell. He is right there with the goods.—Adv.

## GARDEN GOSSIP

(Continued from Page 1)  
it were, and this shoot carries the peanut just under the surface. It is therefore possible with a spading fork to raise the crown of the plant enough to cut it off with all its peanut-bearing shoots, leaving the tap root and auxiliary root system in the ground to rot for fertilizer.

Mr. Wood described a home-made harvester or thresher for peanuts. It is made, he says, by covering the top of a box with chicken wire and beating the plant against the wire in the meshes of which the nuts are snagged and pulled off. The green tops are then thrown back on the ground to be ploughed under for green manure.

Mr. Wood says he has raised excellent crops of watermelons and sweet potatoes here without irrigation. His plan was to plow deeply just before the rains ceased in the spring. Then when it was time to plant, another but shallow ploughing was given. Then throughout the growing season cultivating was kept up to stir the soil and form a dust mulch to retain the original moisture. Under such circumstances the root system goes down to secure its thrives without irrigation. In soil which is compacted, capillary attraction acts much as it does in a lamp wick drawing the moisture to the surface, but if stirred to break up the pack and prevent capillary attraction the moisture is retained.

Mr. Wood called attention to a special providence in his garden this summer in the shape of a seedling peach hedge, small volunteer trees which he left because last year fruit was scarce and high. Though seedlings, the quality of most of the fruit has been excellent. The specimens exhibited were large and beautiful, and the trees were carrying all they could possibly support. These vagrants to whom he extended hospitality, furnished all the peaches the Wood family could use.

## RESOLUTIONS

Glendale, Sept. 26, 1919.

WHEREAS, The death angel has again invaded our ranks and removed from our midst a valued and well beloved comrade, one whose service to his country in its hour of peril was marked with courage and won for himself well-merited honor and advancements, rising from the rank of a private soldier to the honored position of major, in recognition of his bravery in action and valiant service during the four years he gave to his country, 1861 to 1865. As a citizen he stood for all that was best as a true American; as a comrade of the Grand Army of the Republic he was ever active and exemplified in a marked degree the high ideals of Fraternity, Charity and Loyalty that bind us together as comrades, therefore,

BE IT RESOLVED, That in the death of Comrade John J. Weller, N. P. Banks Post and Corps No. 170, G. A. R., has sustained an irreparable loss, and that we extend to the bereaved family and relatives our deepest expression of sympathy and appreciation of the great loss they have sustained. That we shall ever cherish the memory of our comrade as an inspiration to the higher duties that devolve upon us as comrades. Be it further

RESOLVED, That a copy of these resolutions be presented to the family of our deceased comrade and the same be spread upon the minutes of our Post and a copy furnished the press for publication.

Unanimously adopted by Post and Corps, Sept. 26, 1919.

C. H. CLARK,  
R. TAYLOR,  
T. M. BARRETT,  
Committee.

## LESSONS FREE

Would you like to know "How the Gods were made?" Edward Adams Cantrell has looked up the record of the Gods very thoroughly and is willing to share his knowledge with you. Tonight at Masonic Temple, rain or shine, he will show you how to make a God. The lesson is free. Begins 8 o'clock.—Adv.

## WHAT A RAISIN WILL DO

"What's the matter, Colonel?"  
"I was promenading with my wife. I was drunk but dignified. I had her fooled. I had the whole street fooled."

"Yes?"

"Then I stumbled over a burnt match on the sidewalk and it was all off."

## GEE! WHOSE WIFE IS THIS?

"What is that stuff you are going to give my husband?" asked the agitated wife.

"An anesthetic," replied Dr. Agramonte. "After he has taken it he won't know anything."

"Then don't give it to him," she exclaimed. "He don't need it."

## THE FUSSY FOLD

"Did your wife vote?"

"Yes."

"Get along all right?"

"Yes; but it took her a long while to get her ballot folded like a paper napkin."

WEATHER FORECAST—Unsettled weather tonight and Sunday.

## PEARL HARBOR HOLDS KEY TO PACIFIC

At last Hawaii's naval station is an accomplished fact. For three generations Uncle Sam has had his eye on Pearl Harbor as a base for defense. It was the idea that actuated the American government in establishing a virtual protectorate over these islands, which ultimately resulted in their annexation. The uses for Pago Pago harbor in Samoa and also Guam as possible bases for a fleet may easily pass away, but such a contingency cannot occur where Pearl harbor is concerned, since the fate of the Pacific coast may well be said to be dependent on the control of Hawaii and her real navy yard.

Without a drydock of sufficiently large dimensions to accommodate the largest battleships of the American fleet, Pearl harbor could expect to be nothing more than a coaling station. Her status would hardly be above that of Pago Pago. Anything worthy of the name of battleship would hardly deign to drop anchor in her waters. The attention that the warships passing to and from the Asiatic stations would demand could be satisfied in Honolulu harbor.

Now things have changed. The roadstead at Pearl harbor can accommodate all of Uncle Sam's navy in case of need, and the station shops are capable of repairing, at least temporarily, the most disastrous effects of the attack of enemy fleets on our battleships. But these things would be almost useless without the drydock, which can take care of the hull of any ship that puts into Hawaiian waters.

It is too early to estimate the size of the fleet that will call Pearl harbor its permanent station. But dreadnaughts and super-dreadnaughts will certainly be its portion. This destiny is one that a place of Hawaii's strategic importance cannot be denied.

Pearl harbor is now a complete defensive unit of the first class. The keys to the Pacific coast are in her hands. She is not an outpost to be used as a coaling station in times of peace, only to succumb helplessly at the first onslaught of a strong enemy fleet, and she must be still stronger—strong enough to hold off an entire navy in order to function properly as a naval base.

Otherwise Pearl harbor, in the hands of an intelligent foe, would have the Pacific slope at its mercy. The American navy would be restricted to a cruising radius that would hardly permit it to come the 2200 miles that separate the islands from the mainland.

The opening of the Pearl harbor dry-dock is emphatically a major moment in Hawaii's twentieth century history.—Honolulu Star-Bulletin.

## GREATEST PRICE REGULATORS

It may be noted that the meat packers in convention at Atlantic City voted a welcome to another federal investigation and volunteered to help in its work. They profess a willingness to co-operate with "fair-price" committees. They have adopted federal inspection and protest only mildly against an extension of governmental supervision.

But they confess that when the housewife and the householder are sufficiently aroused by agitation so that they pass by the higher priced cuts of meat and buy sparingly of the cheaper kinds, not even the genius of the meat packing business and the ability to meet and control market situations can withstand the downward pressure.

There have been reductions in the price of meats during the past sixty days, and further reductions are inevitable. There has been no governmental interference, except the temporary competition of army food supplies, and the packers do not claim any virtue of voluntary price cutting. But when the public refused to buy, prices simply had to come down. There is no price-regulator conceivable that is equal to the purchasing power.

## A JUDGE OF GOOD SENSE

An insurance agent who got his Company accounts tangled on the wrong side, sued the Bakersfield Morning Echo for libel because the editor published his misdoings before he had been caught. The supreme court has just exonerated the Echo editor, holding that he was justified in exposing the agent even if the charges had not fully come true yet. Which shows that even supreme court may forget technicalities and deal out unadulterated horse-sense justice when freedom of the press is at stake. And though many people cannot see far enough ahead to realize it, no greater calamity could befall the country than to have the press gagged by fear of prosecution, so that it would not dare expose crooks and criminals in business or politics or the pulpit or private life or wherever they might be preying upon the unsuspecting public.

## CREDIT TO WHOM CREDIT IS DUE

The Automobile Club of Southern California is starting a campaign to restore the old Missions of the state. We're for it, but just to keep the records straight we move to correct the minutes by reminding the Auto Club that a gentleman named John S. McGroarty has been pounding at California public pride for the last fifteen or twenty years trying to get the old Missions restored and preserved, and now that the idea is beginning to crystallize with promise of bearing fruit, we wouldn't like to see anybody else snatching the bulk of the credit for it.

## TELEGRAM MAKES QUICK TIME

If our Glendale postoffice would but emulate the "get there" methods of the telegraph companies, we would have fewer complaints of letters delayed in transit. Recently a telegram started from Memphis, Tenn., at 1:10 p. m., reached Glendale at 12:08 and was delivered to the addressee at 12:45, apparently 25 minutes before it was sent. As the difference in time between Memphis and Glendale is three hours, the actual interval between sending and receipt of the telegram was 2 hours and 35 minutes. Not bad for a 2000 mile trip.

## A PRODIGY IN CRIME

Don Clauser, a 15-year-old Los Angeles boy still wearing knee pants is evidently striving to emulate the super-boy deeds of one of Alger's or Nick Carter's heroes. Arrested Thursday afternoon for attempting to steal an auto, he broke out of jail Friday night, went to the home of a boy friend, broke in and stole an automatic .45, went down to Fourth and Olive and stole a machine, took two acquaintances riding and was finally arrested as he was attempting to strip the tires from the machine. He attempted to draw the revolver from his pocket as the officers closed in on him. Young Clauser now has six charges of grand larceny against him, and one each for burglary and violation of probation.

## A BIG SUBJECT

At Masonic Temple tonight we will learn "How the Gods Were Made, and How They Have Ruled Through Priest and Preacher." The above is the text of the subject to be discussed tonight by Edward Adams Cantrell.

Critics may have their fling and welcome but the fact remains that Cantrell holds a unique place in his chosen field. Here is a man who is not easily frightened nor run off the track and it is next to the impossible to catch or corner him with facts, as the plain, unvarnished facts of history are his principal stock in trade.—Adv.

## 200 NEW MEMBERS

(Continued from Page 1)  
Alexander when she was a little girl and was afterward pushed to a great movement by J. Wilbur Chapman and Chas. Alexander. Nearly all the great men of the world are members of the Pocket Testament League; President Wilson, King Edward and a long line of others. Later the State Secretary of Japan joined and said he wished every Japanese in America would follow him. He was not a Christian but is proud to study the Word of God. Every Christian ought to belong for his own soul's sake. You need the Word of God. When you have it right with you there are countless opportunities for studying it. It is an honor to carry the Word of God. People are interested in the Book. The Pocket Testament League is a definite, aggressive, soul-winning movement. If we would concentrate the talents God has given us into winning souls we would turn the world over. More than 30,000 people have joined the Pocket Testament League in the last two months in Los Angeles. It is a method of getting the Bible back into the schools through the children. Carry the Book with you everywhere and see the world won for Christ. It speaks for itself, it will not fail. God has promised."

## CHRISTIAN CHURCH

(Continued from Page 1)  
in 1483. His school life was pictured, in word and scene, his early struggles in college and monastery, his discovery of a copy of the Bible and study of its pages, all were set forth. He was protected all through his life by the Elector of Saxony, even when he broke with his old associations, made his famous statement that "Justification is by faith and not by works of special merit," and violated tradition by marrying. His life was frequently in danger, but he passed through every peril, finally dying in his bed. More than 75 slides were shown, including portraits of John Huss and Savanarola, predecessors of Luther in the reform movement. Rev. Mottern has delivered this lecture in cities all the way from San Diego to San Francisco. It is historically correct and of absorbing interest.

## CERTIFICATE OF BUSINESS

## Fictitious Firm Name

The undersigned do hereby certify that they are conducting a real estate and insurance business at 110 S. Brand Blvd., Glendale, California, under the fictitious firm name of Whiting & Hawkins and that said firm is composed of the following persons, whose names and addresses are as follows, to-wit:

Calvin Whiting, 342 W. Lexington Drive, Glendale, California.  
Josias Hawkins, 420 E. Harvard Street, Glendale, California.  
Witness our hands this 3rd day of September, 1919.
